

Schedule

MONDAY, December 5th

12:00 – 17:00

12:00 – 12:15 **Opening remarks**

Anca Bojan PhD, MD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

12:15 - 12:30 **Current Research at The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca**

Anca Burca PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

12:30 – 13:00 **Functional Genomics in Cancer Research**

Ovidiu Balacescu PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

13:00 - 13:45 **Epigenetic Regulation of Chemosensitivity in Triple Negative Breast Cancer Cells**

Oana Tudoran PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

13:45 -14:15 **Adult mesenchymal stem cells as players with multiple roles in cancer**

Olga Soritau MD, PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

14:15 – 14:30 **Coffee break**

14:30 – 15:15 **Analysis of Neural Tube Closure in Retinoic Acid Deficient Mouse Embryos**

Ovidiu Sarbu Prof. MD PhD, University of Medicine and Pharmacy "Victor Babes", Timisoara, Romania

15:15 – 16:00 **Exosomes: Their potential role in genomic transfer of resistance to therapy**

Ioana Neagoe PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

16:00 – 16:30 **Analyzing Multiple SNPs in Order to Define the Genetic Predisposition in Myeloproliferative Neoplasms**

Adrian Trifa Assist. Prof. MD, PhD, University of Medicine and Pharmacy "I. Hatieganu", Cluj-Napoca, Romania

16:30-17:00 **Discussions**

Cancer Research Methods: Progress Challenges, and Opportunities Workshop
December 5-9, 2016
The Oncology Institute "Prof. Dr. I Chiricuta" Cluj-Napoca, Romania

TUESDAY, December 6th

10:00 – 18:00

10:00 – 11:00 **Oxygen Sensing in Physiology and Disease**

Mircea Ivan MD, PhD, Indiana University, Indiana, IN, USA

11:00 - 11:45 **Expansion Pathology: the Physical Tissue Expansion for Diagnostic Pathology and Research**

Octavian Bucur MD, PhD, Harvard University, Boston, MA, USA

11:45 - 12:00 *Coffee break*

12:00 – 12:45 **Defining the Molecular Features and Opportunities for Intervention of Low Grade Gliomas**

Clark Wells PhD, Indiana University, Indiana, IN, USA

12:45 - 14:00 *Lunch*

14:00 - 14:30 **Plasmonic Nanoparticles in Cancer Nanomedicine: Design, Applications and Challenges**

Simion Astilean Prof. PhD, Babes-Bolyai University, Cluj-Napoca, Romania

14:30 – 15:00 **Applications of flow-cytometry in cancer research**

Mihai Cenariu PhD, University of Agricultural Sciences and Veterinary Medicine, Cluj-Napoca, Romania

15:00 – 16:00 **Metastatic colorectal cancer -standards of systemic treatment**

Calin Cainap MD, PhD, The Oncology Institute "Prof. Dr. Ion Chiricuta", Cluj-Napoca, Romania

16:00 – 16:15 *Coffee break*

16:15 - 18:00 **Research Ethics**

Claudia A. Rosu MD, PhD (video-conference), MGH IHP, Boston, MA, USA

Cancer Research Methods: Progress Challenges, and Opportunities Workshop
December 5-9, 2016
The Oncology Institute "Prof. Dr. I Chiricuta" Cluj-Napoca, Romania

WEDNESDAY, December 7th

10:00 – 17:00

10:00 -11:00 **The Noncoding Arm of Oxygen Sensing**

Mircea Ivan MD, PhD, Indiana University, Indiana, IN

11:00 - 11:45 **Connecting Inflammatory Signaling to Organ Size Homeostasis**

Clark Wells PhD, Indiana University, Indiana, IN

11:45 -12:00 *Coffee break*

12:00 – 12:45 **Introduction to Droplet Digital PCR: Workflow and Applications**

Nazha Bouhafid PhD, Field Application Scientist, Bio-Rad Laboratories, Middle East & Africa

12:45 – 14:30 *Lunch*

14:30 – **Guided tour of Cluj-Napoca**

THURSDAY, December 8th

10:00 – 18:00

10:00 – 11:00 **Nanotechnology-Based Therapeutic Approaches in Digestive Cancers**

Teodora Mocan MD, PhD University of Medicine and Pharmacy "I. Hatieganu", Cluj-Napoca, Romania

11:00 – 12:00 **Tumor Metabolism: From Bench to Bedside**

Mircea Ivan Prof. MD, PhD, Indiana University, Indiana, IN, USA

12:00- 12:15 *Coffee break*

12:15 – 12:45 **The Importance of Standardized Anatomopathologic Diagnostics in Scientific Research**

Bogdan Fetica MD, PhD, The Oncology Institute Prof. Dr. I. Chiricuta, Cluj-Napoca, Romania

12:45 – 14:00 *Lunch*

14:00 – 15:30 **Tissue Microarray**

CyclIF versus IF/IHC for Highly Multiplexed Staining and Imaging of Tissue Sections

Antibody Validation and Why the Current Validation Standards Are Inadequate

Octavian Bucur MD, PhD, Harvard University, Boston, MA

15:30-16:00 **The dynamics of fibroblasts in primary myelofibrosis**

Ciprian Tomuleasa MD, PhD, University of Medicine and Pharmacy "I. Hatieganu", Cluj-Napoca, Romania

16:00 – 16:15 *Coffee break*

16:15 – 18:00 **Introduction to Quantitative Data Analysis in Social Sciences**

Claudia A. Rosu MD, PhD (video-conference), MGH IHP, Boston, MA

18:00 **Workshop Concluding Remarks**

FRIDAY, December 9th

10:00 – 17:00

10:00 – 11:30 **The Oncology Institute "Prof. Dr. I. Chiricuta", Laboratories Visit**

11:45 – 13:00 **University of Medicine and Pharmacy "I. Hatieganu", Laboratories Visit**

14:30 - **Salina Turda Guided Tour**

*This schedule is subject to change.
